
Matteo Gamba wins for the 5th time -in-a-row the 28th Rally Prealpi Orobiche Edition; he dedicated his win to a friend, Tiziano Gimondi, a local rally driver recently died. Notwithstanding the huge gap of his successful result, it wasn't easy to get this fantastic win: there were a lot of challenging drivers ready for the fight. Once again, Matteo and Emanuele did a perfect job- showing a great feeling inside the cockpit; Matteo was also very confident with the car (Peugeot 207 S2000 by Balbosca Team) - which matches a great performance with a total reliability.

This is the second win in-a-row in a local tarmac rally from the beginning of 2011 season. By the way, the main aim isn't to compete in local Italian Rallies: he wishes to find the proper budget and getting the chance for taking part in some more important rally abroad -such as some IRC events.
